Dear Sir:

Will you help the AMERICAN ECONOMIST and the cause of
Protection by answering the following in not more than one hundred
words:

WHY I AM A PROTECTIONIST.

We hope to get these epigrammatic expressions from every
prominent Protectionist in the country. They will be printed in a
most conspicuous position in the AMERICAN ECONOMIST and thousands
of journals favorable to Protection all over the country. We hope
and believe that not a single one of our friends will refuse this
appeal. The publication of these terse expressions from recognized
Defenders of American Labor and Industries can not fail to have
wide influence.

Very truly yours,

Editor.
