(Dictated by R. E. B.)

Hon. Albion W. Tourgée,  
Mayville, N. Y.

Dear Sir:

We send you by registered mail the original MS. of "A Son of Old Harry" from the 9th installment to the conclusion, in order that you may see just how the new portion which we received March 13th comes in. We think it advisable that you look over this MS. personally so that we may be sure that the story is published in its proper sequence. When you return the MS. please send it by registered mail. We enclose stamps for return postage. The New York Postoffice is certainly demoralized.

Under a separate cover we send you the story from the beginning as far as we have it in type, so that you may have the whole story before you. We must have the 9th installment two weeks from to-day to set up, and we would like it just as much sooner as you can conveniently let us have it.

Yours very truly,

*Robert B. Innes, Jr.*
