

1298 VAN NESS AVENUE. -

April 20-1911

Dear Mrs Sourgée -

Mr Bancroft says
he has written for
both of us, but I
have offered to reply
to the letter just re-
ceived from Mrs Sour-
gée, and to congrat-
ulate you upon your
recovery and your
daughter's recovery
as well - We are

anticipating your
visit with much
pleasure - Our country
home is twenty miles
from San Francisco;
our children's Paradise.
It is a just - the place
for you to regain strength,
for you can rest in
the sunshine and
grow strong, or ride
and drive as you
prefer. We can
be at our house in
the city when neces-
sary, though the

country, in summer,
is really home.

I am glad your
daughter is coming
out with you, and
hope her impressions
of California will be
as pleasant - or those
generally carried away
by eastern people.

Trusting that - you
will soon be able
to start - for California
and assuring you of a
heartly welcome,

Yours cordially
Matilda G. Bancroft
