Dear Sir:

In reply to yours *Design* concerning advertising, would say, all details connected with that department of our business have been placed in the hands of DODD'S Advertising Agency, 265 Washington St., Boston, to whom all communications relating to such matters should be addressed. Any offers made us had better be duplicated to that house.

As it is impossible for us to make full reply to all the solicitations for advertising which we are constantly receiving, we trust you will consider this a courteous answer to your letter.

Very respectfully yours,

*Woolrich & Co.*
