

as to 4204 not getting coats at all. And you do not like this idea? I do
not like it either as your clothes are just like mine. Now this is what our men say about it.
They do not care for the coats and hats, too bad for us to have to pay extra
for them. What do you think?

Your note of 3/28 with the sample hats are duly received. I hope you will take my advice
and go to the 50th Street Express and get a hat there. They have a large
selection of hats and they are well made. I have seen many of their
hats and they are all very good. You can get a hat there for less than half the
price of the one you are thinking of buying. I am sending you a sample of the
hat you are thinking of buying. It is a good hat and it is well made. I hope you will
try again the 50th Street Express and get a hat there. I hope you will be satisfied
with the hat. Perhaps this conclusion was wrong and you may want to go to the 50th Street Express
still look the better. What printing matter do you use on them?

Never speak of business with me again. I am not interested in business. Business is
rather dull and I hear good many complaints about business. I am not interested in business.
Then later I wrote you we had selected a colored woman for Kate. She is a colored woman and she is
presently having a colored man, who is really "just tolerable".
Kate is miserable, had the doctor there last night, and never know when I start home if she will

be feeling well or if she will be on her back. It is disconcerting for both of us.

I hope you and the family are all well, and my thanks go all that we possibly have to make our story complete for David or me to get treated out, and then there will be more enough trouble but no lies about the hedge business and if you still want the I feel satisfied that I ~~will~~ ^{wish} you

to be well and happy. I am sure this has not taken up too much time but I think you have probably enough. I am sending some money to you and I will do whatever I can for you. Please give my love to all your children and especially to David who has had such a hard time. He deserves to be happy and I am sure he will be. Please take care and remember me to all your friends. Give my love to all your sons and daughters and I will be happy to hear from you again.

Yours ever,

Sarah
