My Dear Sir:-

At the last commencement of the University of Rochester, you were elected President of the Alumni Association. The duty devolves upon you this year, if you can be present with us, to preside at the Alumni banquet on June 17th, and the business meeting of the alumni on the same day. Will you kindly inform me at once whether you will be present on that occasion and prepared to assume those duties, as other arrangements will have to be made in case you cannot be with us.

Hoping that you can be with us on that
