P.O. Box 3248,
NEW YORK

6.10.91.

My dear Judge,

Yrs Wm. Wood, and I thank you for the kindly wishes, and interest regarding Kate, and also for so cordial invitation for her to visit you. I am pleased to say that the last three days have shown a marked improvement in her condition, and it is my notion that she is on the way to recovery, and will eventually be stronger and better than she has been for years.

I hardly think she will have the pleasure of the visit to you for some time of least as the treatment she is now having requires that she be at home or carry a 25 cell galvanic battery around with her.

WILL WOOD COOK & SON COBBLERS, write to my cousin J.C. Francis, C/o Globe Telephone Co., 320 West 35th New York, tell him just what you want, and he can fit you out. He does not make the cells but there is a concern in the same building who can do all this sort of work and he can get just what you want and probably at very low prices.

I am glad to know that you are all so well, and delighted to hear of Lottie's success and no doubt she richly deserved the honor. Judge, tell me what you want on them and I will get the letters up long before you want them.

Yrs Sincerely,
Wm. Wood
