My Dear Judge-

I told Grausman & Rosenthal
to order 250 Herring from E City of their corre-
spondent there. It turns out that they had just rec'd
an invoice - and sent them from here.

I fear they are not as good as they would have
been from Capehart - and am anxious to hear
from you on their receipt. Kindly let me know.

Perhaps my suspicion of inferiority is grounded upon
the fact that they cost less than Capehart's - How
do you prepare them for the table?

All well here.

Yours in affection,

Pip.
