Hon. Abner W. Towler.

Dear Sir

I feel like addressing you Dear —
— friend for you always has
— proved a true friend the Rule
I belong to. We are trying to help
our friends to find a solution
to the Rate Problem. Hoping
to be honored by your presence.
We need the aid and advice of such
able and great minds to guide us
aright. For we are poor in judgment
poor in purse, poorer still in correct
understanding. Honor us with
your present if possible. I know all
will join me in inviting you
I am your true servant.
