Dr. Sir

Not having heard from you since our meeting at Mayville I write to enquire what success you have had in regard to the Badges, as the time for our next meeting is drawing near we feel that we must hasten the matter to be ready for G. A. R. day.

I enclosed find list of Ex Prisoners of war whose names were taken at Chaut. last year doubtless it is so late they will be of no service to you but I send them so that when we meet again we will be forced to find something new to wrangle over.

Respectfully Yours in P. O. L.
