Miss A. W. Tongee,

I have no Heliotropes
left and no dry bulbs
of Tuberoses. I have some
potted and growing 20 cents
each. I was sure till your
postal came that I had
answered your first
inquiry. I have plenty
of Coleus and some fine
Fuchsias of different kinds, some
fine Madame Celroi or a dwarf
white edged Geranium for edging, late
Asters (early ones all gone).

Petunias double, Chrysanthemums,
Dusty Miller, small plants
but growing, and some other
things in variety, Begonia,
Vines & c. I have also
some dracaenas - I could
supply you with some nice
plants for garden vases or
Veranda boxes or window
boxes or beds and at reduced
prices. Will be glad to
receive your order,

Respectfully

W. H. Edwards
