

My Gentlemen:

I asked your man who approached me in regard to the pricing what it would be worth to put up one of the character he described. He answered that he would do it for six dollars. ~~no change or~~ I accepted the proposal. There was no change, no modifications or extension of this contract whatever.

You sent the wiring by express unpaid. Not known what it was the charge was paid. I have also your bill for putting it up, 50 cts. I made an agreement to pay for transportation on putting up.

You will find enclosed therefore postal order for \$5.60 ^{40 cts.} the price agreed on less freight paid on your account.
