My Dear Mrs Tourger

We
have learned that you are
to be in the city in Dec
and your daughter also
with your good husband -

It will give us great
pleasure to entertain
you while here, and
our home has abundance
of welcome and room -

May we not see a
telegram when to meet

you, and may we not
also hear for them of the
length of your stay -
The safe engagements
will not prevent your
being with us for a good
week and give your
friends in this city - the
opportunity of renewing
their friendship of
former days -

Hoping to hear soon I

Am sincerely Yours
