

New Orleans, La. Nov 28/91
Judge A. W. Frazier,

You are full of surprises, as an egg is of meat. I don't know positively in which capacity I like you best; whether as Soldier, Author, Lawyer, Philanthropist, or Logician - You may rest assured that I admire you very much, all around, since the day I read "The good errand". I sympathize with you today from the bottom of my heart,

Respectfully

S. M. Eaton,

C. C. Morse, Business Manager Southwestern
Christian Advocate:- I appreciate and
wish to thank you heartily for your efforts.
I have watched your course and it meets my approval.
I have always sympathized with the movement to
abolish "Jim Crow" cars as unjust and cruel. A classifica-
tion of cars, according to accommodations and
corresponding price, as prevails in Europe, where examples
of bad company on railroads are unheard of, would
suit such a purpose much better, than the scuffling
by themselves of an entire race, without regard to
individuality. I believe something should be done to better
the condition of our people. J. Louis Sternberg
late Capt., but Maj. U.S. Col.

As an ex-Federal Soldier I heartily
approve of the gallant fight you are
making in defending the rights
of the colored race.

C. M. Kitting,
Capt. U.S. Army, General,
Dept. of War, Miss. S. A. R.

The "invisible empire" has,
in these latter days, become
visible; visible in the new consti-
tutions and in legislative enact-
ments in the Southern States;
visible in the declarations of lead-
ers of the dominant party in
the South, made from the pos-
trum and boldly asserted
even in the halls of the Nation-
al Capitol; visible in the evident
purpose to nullify the colored
vote of the South while demand-
ing full representation in lower
House of Congress violation of the
XIV Amendment. I wish you
God Speed in the good work.
