Mrs Albion W Tourge

Dear friend

I take this opportunity to acknowledge, the receipt of a copy of the Cosmopolitan, and thanking you for the same. It was interesting to read An Outing With the Queen of Hearts. I kept thinking all the time that it was you and Mr Tourge, instead of it being only a story. It must be very nice for Mr Tourge to have a daughter that can illustrate his stories, and it must require much study and practice to be able to do such work. We have not heard what became of the book you sent, my husband wrote to the nearest custom house east of here, also to Vancouver, but it was not at either place, but he got a copy at a book store in New Westminster. I have not had time to read it yet, as I had company when he got it, My sister Carrie was here and my brother and sister in law, and I have been very busy since trying to get some sewing done. My brother and sister wants me to make them a

visit about christmas, but I dont know if I
will be able to get away, I was much pleased to
see Carrie, as I had not seen her for over 10
years, we were then both single, and now we
each have 4 children, she only had her baby
with her, so I have not seen the others, her baby
is 1½ year old and she is just the nicest little
girl I have seen for a long time. We are all pretty
well at present, and hoping this will find you the
same, I will bring my letter to a close, with best
regard to you and family. yours respectfully,
May Turner.
