Dear Sir.

The young people of our church have arranged through the Respath Lyceum Bureau of Chicago, for a lecture to be given by you on Dec. 8, 1891. They advised us to write to you in regard to subject and advertising matter.

Can you any other subjects besides those given in their annual announcement? Your subject when here 4 or 5 years ago was "Give us a rest." Do it would have to lie between the other two viz. "yours & Mine" or "The new problem." Can you tell me what train you will arrive on so we can meet you?

Will you no doubt would prefer to stay at a hotel up here by the

If this letter does not reach you in time for a reply by Wednesday eve. Dec. 2. please wire us in regard to subject, and whether we are to furnish advertising matter or not, and answer by letter as soon as possible.

The lecture must be given in our church as the Opera House is engaged for that evening.

Awaiting an early reply
I remain,
