Dear Sir

I took my list
out on a commad's trip and have
a few names which I want from this
city. Send out lists to them as soon
as possible, it will be well "falling"
in good ground, from your last
"notes" I see they have began to
thicken. you. That is all right.
"whom the gods destroy they first make
mad" If we can succeed in getting
them mad they are ours

Very Respectfully
W. L. Randall,
