Dear Sir

The Bystander notes from Oct 17 to Nov 6 inc I cut from the Lake Ocean, pasted in book and requested four of our prominent citizens to read and put their names down as requested in the notes & neither one showed a disposition to do so although three of them

were the of A. R. Butten - Their only  
excuse was they hadnt time to  
read up on the subject - and  
each had the book two days or more  
each - Personally I am to busy to  
give the matter more time although  
I am in fine with the subject  
and will now send the book to  
two colored men occupying responsible  
positions with this Co at Chicago  
& leady men in the Baptist Church  
in that city & try what will come of
