My dear Mrs. Langer

I am truly sorry for
your detention at home
and the cause of it.

I do hope your mother
may be so far restored
that you will feel
that you can leave her,
and enjoy the long-
anticipated journey.

Be well glad to meet
you troubleless in

Chicago and greatly
enjoyed a flying
visit from your daughter
at one time.
When she comes home from
California she will
have observed so
much of novelty and
interest - she will
hardly be able to
keep it to herself - Will
she give it to the world
with her pen or pencil?
I shall wish to hear
her tell of her journey.
I hope your sister will
speedily recover from
her serious accident.

and that all the chance will
be. Meanwhile I sincerely hope
partings in your excellent. I meet
know what it is to be left behind.
With warm regards Yrs.
