Dear Sir

My Brother and I received the  
book with the clipping that you were so  
kind to send us. I let my brother keep it until  
he shall have read it and then I will take it.  
I will get it today, and as soon as through  
with it will return it to you. I asked him  
to acknowledge the receipt of it and thought

that he had. I have just received the list  
for names and will get as many persons as  
I can to sign it. I have signed one some  
time ago. I am very much interested in  
this movement, as I am of the opinion that  
something must be done in that direction.  
After I shall have read the clipping I  
will write you more fully.

Respectfully yours  
J. W. Moore
