

New York, Dec. 25 1891

My dear Madam;

I thank you very much
for the kindly mention you make of my
comment on Mr. Howells' latest
book.

It has not been my good fortune to make
a study of "Pactolus Prime"

I thank you for the opportunity - to do so and
have it from the publishers of the "Age"
that I can have space for the same.
The book arrived in good shape.

I am with high regard for your hus-
band's work and best wishes for your
health and well-being.

Respectfully yours

- W. H. A. Moore
