

7. p. m.

Monday.

There were 50 more names come  
in on lists to night, — Nothing else  
of importance except this from  
Shaffer. — and the letter from the  
Tariff Editor of the I. O. The Economist  
is in a great way about that clipping

and do want to put it on your  
mighty box.

It's cold and snowy, — not a plea-  
ant prospect for getting up <sup>and off</sup> at 5. a. m.  
tomorrow. What shall I do without  
my 2 loves! — God bless & Keep  
you. E.
