A. W. TOURGEE, -----Mayville, N.Y.,

Esteemed Friend .,

I sent the "CITIZEN"., containing one of my
" BILL PINK " articles on OUR FLAG the Editor of the Herald ~~es~~
even more than he is getting (in my opinion) if thee got the paper
I sent thee will see for thy-self .I send a clipping of my sentiments
lest the paper I sent did not reach thee.

I wish we might get thy sentiments,
in the "BY -STANDERS" Notes ,at no distant day.

I have mailed THE CITIZEN" with Circulars of the
N. C. R. Assc'., thee sent me to parties I knew in many parts of
our Country, asking them to get as many ~~ne~~ Names as possible and send
direct to thee. I trust they will bring in some good recruits,
so my little efforts will be of some use to HUMANITY to arouse
a fervid desire (if we may ~~+~~ in time to avert any more serious
complications in the working of Our Governmental Machinery ,which
at all times needs OUR (THE CITIZENS) constant care , lest our
servants (our representatives) slip or break a cog or two , or spring
the shafting there-by throw the SOVERIGN "WE THE PEOPLE" out of
gear or make too much wobbling and friction.

It has been all I could do to keep a Quaker silence since those seven Republican U. S. Senators defeated the Election Bill. for in my opinion that plank in our platform was the means of our success in electing BENNY . H., President ., we cannot reelect him in my humble opinion which is based upon facts I have been collecting from all over our country .

I hope there will not be mistakes enough made to allow the Dems'., to elect the next President and Congress.,

Too much local BOSSISM in the Rep' Party has, and will be disastrous to our success.

Respect' and Truly
