Hon. A. W. George,

Mayville, N.Y.

My Dear Judge:-

The delay in acknowledging your esteemed favor is no indication of lack of appreciation, but only an instance of that unfortunate habit so easily contracted, of putting off until to-morrow what is not obliged to be done to-day.

Apart from your indisposition your visit to Denver was a source of great gratification to your many friends.

It was to me a pleasure that I should rejoice to duplicate.

Your new book will be read with the same interest

and profit as your former publications.

My opinion is that your enviable reputation will grow with time.

With my most respectful compliments to your wife and daughter, and with a hope for a long life of continued usefulness, I am

Sincerely yours,
Eugene Grissom.
