Miss  
76<sup>r</sup>  
Emma K. Jurgin  
Dear Friend

Your most welcome favor of the  
11th at hand this morning with photo -

When I came to the sentence that  
Judge Jurgin had been very de. ante  
the grip I had to stop & pray that  
the dear God would spare his  
precious life to carry on the grand  
work of philanthropy that lies so  
near by he not and to bless comfort

all write wherever he comes in  
contact - My wife & I have been  
reading through Eastern Chapter &  
Chapter since last spring and we  
have not finished it yet & the intervals  
have been so long that my memory  
loses the connection - Last evening  
we were reading a Chapter & I stopped  
my wife and made this remark  
"Surely he must be a Christian  
as no other could write this" -

It is not my direct work but her  
accomplishments, that pleased me -  
She writes that she is delighted with

her work and I feel sure that she  
will shine, up some of those letter  
dairies - I saw many them my photo  
in the basket as it afternoon I came  
to me that it was a letter check to  
send it unasked for - I can see hand  
and of Susie if you wish it -  
I was no more moved when the  
first time was found an "Dont Sumter"

than when I read Byzander's notes  
of Jan 1, published in the Peter Ocean  
of Jan 9.

Have sent her copies when  
I think they will do some good -  
Must see how to send a bit  
of money for membership in the  
A.C.R. Assoc. -

Ever yours  
K. S. P. J.

Kind regards to  
the Judge & his family  
from Mrs. S. S.
