STUDY AT MANSE.

CORNER SOUTH STREET AND THIRD AVENUE.

Union City, Pa., Feb. 5, 1895.

Judge A. Tourgee

Dear Sir: - Permit me to announce to you the fact that we are arranging to rather have arranged for a course of lectures here by Prof. Geo. D. Herron, March 23-24, inclusive. Prof. Herron needs no introduction to people of a wide horizon. But we wish as he can fill only this one appointment in this section at present, that he may have a well deserved hearing by appreciative minds from all the towns adjacent.

Please permit then a most cordial invitation to yourself and your friends to attend these lectures. Also for yourself we will be pleased to see that entertainment must be provided either in your own home or some other near by. Churchville Community
Awaiting reply and hoping that it will be commensurate
for you to attend. I am very truly, &c. Chas. R. Hunt.
I enclose some papers representing Prof. Herron.
