Dear Sir:

We have your favor of the 6th, accompanying Miss Tourgee's drawings. The drawings are very good, but we cannot make use of them and if Miss Tourgee is not in Chicago we think it likely that we could not avail ourselves of her work. We imagined that she was in this city

You understand that when we need drawings for advertisers we need them quickly, and must get them from the best talent we have in the city. If she has drawings to submit to us occasionally we would be glad to see them, and if we can use them we will do so.

We return you the drawings submitted, and thank you for your trouble in the matter.

Yours respectfully,
