Dear Sir:-

We beg to acknowledge receipt of your esteemed favor of the 10th. inst. also photo's send under separate, Same has been duly entered on our order book and shipment will be made in a few days.

We have made the wash drawing of Col'. King a 3in. cut, as it is drawn pretty strong and will stand it be made with a very little reduction. We will finish this cut up in a vignette, just the way the wash is put on as that will give it a very pleasing effect.

Thanking you for your esteemed order, and trusting we may receive a large amount of work from you this season, and promising you better attention than ever, we are.

Yours very truly.
