Buffalo. June 19. 1895

Mrs. Younge.

My dear madam.

As to my being an
artist, or not, others must
judge; but I at least have
occasion to treat a large number
of ear cases constantly and if
Miss Aimee decides to come
for consultation the examination
shall be thorough if nothing
else. Before coming, it would
save an annoying delay if she

would write or telegraph for an
appointment a day or two in
advance. On Friday or Saturday
I must ask her to come before
eleven though usually I am
here from nine until one.

With kindest regards to the
Judge.

I am.

Very respectfully yours,
Lucien Howe.
