Dear Sir,

To the undersigned President of the above named school, are appealing to our white friends north to aid this worthy cause. We appeal to you to give us a contribution it makes no difference how small or how large the amount is - we only hope to have all we appeal to to give us something if only the widow's mite. Now I hope that you will not assign this to the waste basket before you give it a due consideration. I am pastor of the People's Tabernacle here at Harrisburg but Alexandria being my birth place they seem to prefer me at the head to raise funds for them I enclose you an envelope you can answer here or to Alexandria.

hoping to hear from you and
that you will respond to our
appeal.

Yours Truly
