Gen. Russell Alger:

Dear General:

I feel it

ask your attention to my letter of June 19th,

small matter to you is a very big one to me, and

of my need.

I recognize the general and very natural impressio

ter which needs help does not deserve help; but I have a pro
conviction that no man ever made a better investement than I
make the little grub-stake I ask of you. I have opened the prospe
and shown pay-dirt, but cannot develope without help.

Sincerely yours,

Albion W. Tourgee
