Hon. A. W. Tourgee,

Mayville, N. Y.

Dear Judge:--

Yours of even date regarding 200 advertisers copies of the BASIS is at hand. I have put the work in hand and hope to send you the 200 copies and the Supplements to-morrow afternoon. Some of our compositors, however, had already begun to distribute the type in the forms for next week's BASIS, so that in every case we cannot make the matter gibe. I judge that this will not matter being purely an advertisers dummy. If it does matter you had better wire us, and we will have to defer getting it out until next week when we have all the type in the forms.

Yours very truly,

A. D. McGerald
