OFFICE OF DEPARTMENT COMMANDER,

Fidiente, Jan. 31, 1896 *1896.*

My Dear Judge Tourgee; -

Here is a letter from Capt. L. T. Borchers of Warren Pa. who is a first rate business man and of most reliable character. I think he has made as careful inquiry as possible about Warren, where Crew Levick and Co. have considerable interests and where their standing should be pretty well known. As you will see, I left Borchers to infer that I wished to know what one could afford to call that stock worth in a trade. I think that perhaps this is as reliable information as I am likely to get. Hope that it will be of some service to you.

Yours truly

H. H. Cumings
