You are perfectly right my Dear in  
regarding that of a penitential and healthy  
follow you, the more you do as well as I  
of the most perfect love, you have made me  
better and I am sure you will give  
difference. If you should do it must  
change your life, you get a new  
mind and heart, and I believe to put you  
up in some evil. I am sure I fear it  
I think it is decided to let back that it takes  
letters and I have to encourage you  
now, and as far as your work and  
writing, I am sure and I do not get your  
mind to lay and I believe that  
you do not get out of it until about a  
month after they are written.

I should like to see a list that I should  
have those kinds of your own strength  
course of the best from I get it  
I hope from about I know I am so  
is clear that you will give information  
as evidence of your own mind your  
and I shall be very glad in the future  
that you are getting a perfect mind  
and I am sure to give you a list  
and I am sure you will be able to  
do it in the dictionary and found  
in the dictionary of that and so I will give you  
in the dictionary.

I am getting a great deal of business you don't  
get it all. I presume that you do  
at least I have not yet and  
do not mean to as long as I keep in  
reasonable bounds I am very well and  
do not have any ache or pain anywhere  
only when I eat too much dinner as

and Hattie both did to day but if  
I should tell you that I am glad that  
you go to you would not please us any  
thing. I am sure of your had a fine  
boat and you and Samuel will with the com-  
pany that had really found out that you  
are some body I think that we people  
are not very low in "Kap"  
I am very glad to hear of your future  
and I am sure that you will be able to  
keep up the pace of life and  
I should be perfectly content if he had  
not his head and hands and should  
keep them as I do know that he would  
not sink.

Sunday Morning

Cynthia came and  
to bed last night, my letter was  
perished and I have just got out of  
bed to find it. I presume it will  
not go out of the office every morning  
and I am sure to be in the office  
to send for or send up a letter. This  
is the first of the morning. I am from  
town. Herina has not returned yet,  
but I shall write her a long letter  
and I am sure you will be able to  
do it in the dictionary and found  
in the dictionary of that and so I will give you  
in the dictionary.
