Dear Emma

I have just  
seen your letter. I think  
there is such a book  
as you describe will  
work as soon as I have  
time. Do as you think but  
as to the letter from Alb-  
ion I had thought to copy  
part of it myself but  
had no time. I think you  
had better copy what you  
think will. The of context  
I see the enclosed the  
night you was here  
I presume you have read  
the same but I thought  
would send it. Brose Hebble  
is waiting for this to  
mail. See how  
W. T. Angler

you may tell King that  
he is welcome to any that  
will interest community
