Second Auditor of Treasury -

Sir:

r B. Having received the enclosed communication from your office something more than a year since and having heard nothing further from the application in question, and as I learn by "Proclamation" that the war has closed officially, and infer from the settlement of similar claims that the pressure of business upon this office has in a measure ceased - May its importunes never do so - I beg leave again to bring this claim to your notice! I would prefer to receive the money during the term of my natural life rather than leave the claim to some unfortunate heir -

Yours Respectfully

A.W. Tourgee - late Lt. Col. 105th O.V.I.
