Dear Sir. —

Mr. Harris  
Came down last evening to take  
the train for Philada. This  
morning, but was taken violently  
sick during the night. Conse-  
quently, could not get off.

Ingold says he will publish  
your article in the issue of  
next week, having need. it  
too late for this week's paper.

Write to me before you  
leave Philada. — and say what  
success. —

Respectfully

David Hodgins
