My dear wife:

I did not write to you yesterday and I have ridden about thirty miles over Wagh County roads, spoken two hours and been in the train for three or four hours since, and have but a few minutes to write before the mail goes out and I have the poorest of ink and only time to say "I love you darling and am much happy in the thought that I shall see you again soon. You must get well as fast as you can for I shall send for you in a day or two - God bless you darling
Good night

All yours
Clifford Suggs
