

Vice President's Chamber.

Washington Apl. 1st 1867

To
The Union Executive Committee
Washington. Do
Gentlemen

I desire

to recommend Mr A. W.
Tourger of Greensboro. N. C.
He is thoroughly Radical and
Union and has seen through
all our troubles. He edits
two papers - The Union
Register is the third paper
in circulation in the State
the first to adopt the policy
of Congress, and the only
one which never advocated

any other, He also publishes
a small weekly entitled
the "Red String" in circulation
among the poor white
and blacks. These papers
are both thoroughly and
persistently radical.

He further state that it
is impossible to get advertising
patronage as he is opposed
in sentiment by nearly all
the public business men
it is therefore hard to keep
his papers up without
the aid of congressional
patronage.
