

To the Editor of the Union Register  
Sir

I representing the voices  
of many people take this opportunity of informing  
you that you are a Dam Scoundrel a  
Liar and the truth is not in you, Your  
paper like the N.E Standard is calculated  
to injure our Country. You are a traitor  
and not a friend to your Country.

Just such men  
as you and W.W. Holman brought our  
Country to its present condition and  
all such men ought to be hung  
or shot whenever they have the  
impudence to open their mouths.  
Your sheet is generally used for  
paper at this office and some of the  
A few Copies were sent of your  
we are better acquainted with the  
contents we do not even read the  
first line from your Columns  
hence you Dam Scoundrel
