Capt. Gause

Dear Sir:

I will again drop a few lines to you to let you know that  
+ D. is still alive and well, & would  
to see some time ago and hope you  
have received the letter.

I have a communication with  
G. H. Julian today, he is going  
to start for Washington in a few  
days, and wishes me to write to  
you, and tell you that he would  
be glad to have those papers at  
the beginning of the Session as this  
is to be a most one and a not much  
time to wait, he also states that  
it would be well to enclose in  
the Petition a request for re-  
-sumption a report of unjust  
Congress not out of being obliged  
to submit myself during the

for the month of it, & I suppose  
it will be useless to bring in a claim  
and the law of my friend as to how  
and what it will be for enough to  
get the rest, Mr. Julian sent the  
enclosed letter of which I have told  
you in the last, he says he will  
make some inquiries about this  
particular man, but will send by this letter  
that he cannot get any money in his  
hands, I am sure you will be satisfied  
with this, Mr. Julian expressed a hope  
to see you personally at Washington,  
and let me hear from you soon  
I am sure to hear from you, so  
I will close you in  
good health

Very truly  
Your friend  
James H. ...
