Dear Mrs. Tourgee:-

I was not aware that "A Fool's Errand" was being pushed by your publisher at this time. I had recently seen Dixon's drama, and it occurred to me that it might be worth while to dramatise "A Fool's Errand", and while putting it on the stage, at the same time, extensively advertise and push the book. It seems very improbable that I would be *able* to undertake this, but if you care to make me a proposition I will appreciate your courtesy.

Yours very truly,

*John Brisbane Walker*
