Dear Madam:-

Will you kindly advise me, whether or not you intend leaving the high picket fence, which stands on the line between your property and your cottage property now occupied by me, as it now stands. I am desirous of putting up a small chicken part, temporarily, and would be very glad to make the few needed repairs on the fence if I can make use of it for the back side of my part. it would be a great accommodation to me.

Awaiting an early reply.

I am

Respectfully yours.
