Dear Mrs. Jorgens, your letter is received in regard to the rents &c, and would say that I will collect the Census telephone rent as requested. However this year is not up until August 1, and in the meantime will take the matter of increase of rent up with them. Mr. Skerson is paying his rent in advance now. is already paid up to July 1. I saw Mr. Paulier - and he wishes me to say for you to call at the factory office and would try and adjust the matter. Truly Yours C. R. Cipperly
