Mrs A. W. Tourgee

Mayville N. Y.

Dear Madame -

I am in receipt of a letter from my father G. D. Baldwin in which he states you desire to purchase some of the furniture; that he has stored in Mayville, he also stated that he had written you, that I would attend to it.

I fully intended going to Mayville last week but was unable to leave my business.

If you could tell me what you wish perhaps we could attend to it by mail, then possibly I could go to Mayville some day next week if that would be satisfactory, would have to go on one train and back on the next.
