SEWICKLEY, PENNA.

Sept 16th, 1906.

My dear Mrs. Tourgée :-

Your note and copy of "Figs and Thistles" reached me last Thursday, having been forwarded to me from Coineant.

I wish to thank you very much for your kindness. I shall prize it very highly, and have become greatly interested in the book.

I am sending you the promised snap shots of Kittanning Beach and hope you will enjoy them as much as Miss Donald and I have enjoyed arranging and

posting them in the little  
book of our own handiwork.

May these views bring back  
pleasant recollections of your  
girlhood days spent at the  
old home.

Sincerely yours
