Mayville, N. Y.

Dear Miss Tourgée,

Your mother's letter of the 3d inst is received enclosing New York draft \$2000 with request that I invest the amount in your name in the Waddell company as soon as may be.

I have written them today asking them to make the investment, and send the bond here when issued, and it will probably issue the last of this week.

The interest will be 5% semi-annually, and I have directed them to make it payable June and December. When the bond is received, I will let you know, and you can then tell me where to send it.

With kind personal regards to your mother and yourself,

I am

Sincerely yours,
