Dear Madam:-

Your letter of the 12th. inst. received; also received at the same time picture of your house. We were all very much pleased with its appearance and have no doubt that we would enjoy residing in it. We are, however, new to Washington and do not feel that we ought to rent a house without seeing it and knowing about its location from personal investigation. I feel sure that you will appreciate our attitude in this respect. Unfortunately I am a man of limited means and am compelled to be careful in the matter of expenditures and must limit them as much as I can.

We have felt that the proper thing to do before leasing was to go to Washington and look the situation over. We do not want to get too far out and are anxious to locate within reasonable distance of the other members of the Kansas delegation. My wife and I will be in Washington not later than the 15th. of July, and if you have not leased the property will call and see you. We do not expect to go to Washington for the session before the latter part of November.

I assume that you desire the pictures returned and I will send them under separate cover.

Yours very respectfully,

E. H. Madison
