Mrs. Emma K. Tourgie,

2015 Kalorama Road, Washington, D. C.

Dear Madam:

I have your letter of March 26th, in relation to renting your residence at the above number in Washington. My present plans with regard to a residence are not yet fully determined, but I think that for the next session, I will stop at the Hotel Cairo. My family will not be with me at least ~~not~~ until after the holidays and therefore, it will be impossible for me to make any arrangements with you, such as your letter suggests, at least at the present time.

Very truly yours,
