Dear Miss Torajic:

I have just sent
you, from the Boston
Museum, where they
will junk it with due
care, the photograph
of the unaltered specimen
which you were so good

as to you. one two years
ago. I hope it will
reach you intact.

From your letter I gather
that you have no copy
of it left. May I earnestly
hope, then, that you
will retain this one. Much
as it means to me, it
cannot but mean more

to you. You are surely the
one who ought to keep
it. To be plain I have
had in guarding it is
one which I shall remember.

Believe me always

Sincerely yours

Bennett Woodhull
